## **School Journey**

Summit Learning schools move through different stages, measured by milestones of implementation rather than a defined timeline. Each school has a dedicated Summit Learning Success Manager, who provides coaching tailored to each school's needs.

School Success Managers meet bi-weekly with schools to work on these topics.

### Stage 1

# Ensure strong and consistent implementation of Summit Learning

#### **Priority Coaching Topic:**

Developing robust data monitoring systems

## Stage 2

Increase rigor and consistency of team progress monitoring, informed by data

#### **Priority Coaching Topics:**

Practicing collaborative data reviews, ensuring practices are consistent and equitable

Improving instructional practices through a student-centered lens

## Stage 3

Independently maintain systems for high-quality instruction and continuous improvement

#### **Priority Coaching Topic:**

Observe and coach teachers and/or provide professional learning opportunities
